

COMMITTEE SIGN UP

Looking on how you can get involved? We have many different events and activities planned in 2016-2017 for the students. In order to run a successful year and to help execute all of the wonderful things we have planned, we need our school community to volunteer. Volunteering is not only very rewarding but it is an excellent way to become more engaged with the school and the staff. Additionally, research shows that when families are involved in their children's education, the children are more likely to earn better grades, have better social skills, and be more positive in their attitude toward school.

On the reverse side of the form is the list of the committees that require volunteers. Since Jefferson is only a one year school most of the committees are also in need of a chairperson to oversee the event. All volunteers will receive guidance from a PTA Board Member. We ask that a representative from each committee attend PTA meetings to report any needs or concerns and to provide feedback once the event or activity has occurred.

We understand that time is precious to everyone and that life can be very demanding. Please note that some committees will require daytime volunteers while others will require evening volunteers. We invite you to pick the committee(s) that best fit into your family's schedule and lifestyle. If you have any questions regarding any event or activity, please feel free to contact the board at jespta@twpunionschools.org. Once you have reviewed the list, please complete the attached page to indicate the committees on which you are interested in serving. Note you have to be a member of the PTA in order to sign up for any committees...

Thank you so much for helping us make this a great year for our children!
